ABOUT CLEAN WATER ACTION

Founded in 1972, Clean Water Action is a one million-member nationwide organization with more than 150,000 New Jersey members.

We work to win strong health and environmental protections by bringing issue expertise, solution-oriented thinking and people power to the table.

We fight for clean water; environmental justice, and environmentally safe jobs and businesses despite the hostile anti-environment climate in our nation's capital.

Thank You For Your Generosity!
