</table>

*Based on estimate generated by the USEPA Region II for a Philadelphia report (8/24/04) which included the medical/other costs of diesel
**Based on county chart released by NJEF, CWF and CATF (February 2005)  and based on USEPA methodology and most recent data (1999).
***Average based over a range of ages and includes lost wages and medical expenses over a 5 year period.
****Does not include children’s ER visits, chronic/acute bronchitis, lower/upper respiratory ailments & hospital emission related to respiratory & cardiovascular needs.
*****This number more accurately reflects the partial cost of diesel-related health impacts of those trying to get on with their daily lives.
